Save The River®
Upper St. Lawrence RIVERKEEPER®

Great Blue Heron

- Eats fish, frogs, turtles, snakes, small rodents and insects.
- Adults stand over 4 ft. tall with a wingspan of up to 6 ft.
- Habitat includes lakes, ponds, rivers, and marshes.

Today I participated in an interactive story and display about "Haas the Great Blue Heron: The Beginning of an Adventure." Please ask me about this fun experience provided by Save The River. This book is available for purchase at amazon.com for \$10.00 and proceeds support Save The River's *In the Schools* and *On the Water* education programs.
